Established in December 10th, 2008 with a simple name, DA.AI Technology carries a deep brand philosophy of "Great Love for all sentient being, gratitude for Mother Earth, and humanitarianism technology." Through green R&D, design, and branding, DA.AI is a selfless platform of Great Love that combines dedications from Tzu Chi environmental promoters, entrepreneurs, and volunteers; furthermore, donates 100% net proceeds back to society to fulfill corporate social responsibility (CSR). Following the "extend article lives to create blessing and wisdom" ideology, DA.AI wishes to become the role model of the global green industry.

核心價值 Core Values

以單純的心念愛護地球，全台定期/不定期近20萬名環保菩薩，都是人品典範。大愛感恩科技向慈濟環保站購入廢棄寶特瓶為原料，也讓大愛感恩科技產品具有生命力，同時透過這個無私的平台，結合產業界有愛心 / 專業的實業家、合作夥伴，發揮良能、愛心接力，最後將大家共同努力的成果回饋慈濟來做國內外賑災及社會公益之用，具體體現大愛感恩科技公司核心價值 - 「環保人文、愛心接力、完全回饋」。

DA.AI Technology purchases and revives recycled PET raw material from over 8,600 Tzu Chi environmental sites in Taiwan, and continues to expand to other recyclable resources. Over 200,000 full-time and part-time Tzu Chi environmental promoters who protects the Earth with simple actions and pure mindsets are the role models and vitalities of DA.AI's eco brand and product. Together with entrepreneurs' contribution of love and expertise, forms the platform of Great Love. In the end, all of DA.AI's net proceed is donated to Tzu Chi Foundation for global disaster relief and social welfare purposes. Altogether, completes DA.AI's 3C core values – Culture of Environmental Protection, Cycle of Love, and Contribution to Society.

「生產履歷」及「二維條碼」

每件環保紡織品，皆附有「生產履歷」與「QR Code」吊牌。從慈濟環保回收站開始，「生產履歷」將上、中、下游產銷供應鏈，時間、來源、數量等資料詳實揭露，全面落實品質管理，確保資源再利用。及說明環保再生與原生原料相較，所能節省的二氧化碳、石油、水等資訊。此外，掃描大愛感恩科技 QR Code，可感受每件產品背後的人品典範、感人故事，體會並學習環保菩薩無論長幼、貧富皆能無私奉獻愛護環境大地的精神。

Production History & QR Code

Every DA.AI product comes with "Production history" and "QR code" product tag. The Production history not only shows the dated record of our transparent production process from bottle to end product, but also indicates the amount of bottles used to make this particular product, and how much water, energy, and CO2 emission that we reduced throughout production process compared to using virgin PET material.

The DA.AI QR code, once scanned with the Red Dot Award winning DA.AI mobile application, directs you to the above information, as well as touching and inspiring life stories of Tzu Chi environmental promoters. These stories represent one of DA.AI's core values – Culture of Environmental Protection, and by spreading these stories, we hope to inspire and draw more others into this path of protecting the planet.

Pureness

In Chinese, FU is the pronunciation of both "clothes" and "blessings". Clothes have to be worn in ways to respect others, and also to bless ourselves.

衣服的「服」
音同福氣的「福」
穿衣要穿出對別人的尊重
也要穿出對自己的祝福
